

Bottle Guard™

Visible Shoplifting Deterrents

Bottle Guard™ enhances security for the EAS, AM labels applied to wine and spirits bottles by applying an over-label on the AM label. The product is manufactured in two formats, a round black disk applied on the bottom of bottles to disguise the sensor and a clear rectangular label applied to the side of bottles to make EAS security obvious to shoppers.

Both formats of Bottle Guard™ use aggressive adhesive applied to cover stock designed to fragment when removal is attempted. This slows a would-be thief and draws attention to unwanted activity.

PRODUCT SPECIFICATIONS

Dimensions

RECTANGLE - 2 3/4" x 1 3/8" (70 mm x 35 mm)

ROUND - 2 3/8" (31.75 mm)

Material

Tamper evident, destructible cover stock

Adhesive

Special high tack for strong adhesion

Printing

RECTANGLE - Clear

ROUND - Black

Packaging

RECTANGLE - 500 Labels per roll / 5000 Labels per Case

ROUND - 500 Labels per roll / 5000 Labels per Case

Features

- Prevents tampering of the EAS tag
- Wide range of protection
- Black Print hides the EAS tag
- Clear Label Visual Deterrent
- Easy to apply
- Manufactured in North America

EAS Sensors

- Sensormatic® (AM) Label

Suggested Applications

- Wine & Spirits
