

**RFProtect™**

**Visible Shoplifting Deterrents**

RFProtect™ enhances security of an RF, EAS tag. RF tags can be easily identified and removed by shoplifters when applied to the surface of products. RFProtect™ solves this problem by covering the tag with a clear destructible cover label.

The cover label uses aggressive adhesive and is designed to fragment when removal is attempted. This slows a would-be thief and draws attention to unwanted activity. The cover label can also be printed with a warning message.

Visible theft deterrents, a larger adhesive footprint and destructible label features reduce tag defeats. RFProtect™ labels are applied in-store by hand or using a rapid handheld applicator, and in factories via visible source tagging solutions.

**PRODUCT SPECIFICATIONS**

**Dimensions**

1" x 1" - 26mm x 26 mm  
other sizes also available

**Material**

Tamper Evident, Destructible cover stock

**Adhesive**

Special high tack for strong adhesion

**Printing**

Clear, Standard or Custom Printed

**Packaging**

**Hand Applied** 1000 Labels per roll/ 10000 Labels per Case

**Applicator Applied** 500 Labels per roll/5000 Labels per Case

**Machine applied at Source** TBD

**Features**

- Prevents tampering of the RF Label
- Printed format hides the RF Label
- Expands range of merchandise that can be protected
- Affixes firmly to refrigerated & frozen merchandise
- Manufactured in North America

**EAS Sensors**

- RF 1" x 1" - 26 mm x 26 mm
- Other sizes available on request

**Suggested Applications**

- All Dry Goods
- Refrigerated & Frozen Foods (Remove before microwaving)
- Laundry
- Baby Food, Diapers
- OTC & HBA
- Electronics
- Energy Drinks
- DYI
