

AMProtect® OMNi

Clear Overlay Label

AMProtect® OMNi enhances security of an EAS, AM label using a thin, clear, tamper proof, destructible overlay designed to fragment into small pieces if removal is attempted. This slows a thief and draws attention to unwanted activity.

OMNi has four functions: (1) as a standard AMProtect® placed flat on any surface, (2) as an AMProtect+® placed over the opening of a box flap to prevent product tampering, (3) as an enhanced AMProtect+® to prevent opening of a large box flap, and (4) on two sides of a box corner for ultimate security against product switching and tampering.

Visible theft deterrents, a secure overlay seal with tamper proof, destructible label features reduce tag defeats. The added value of a two-way anti-tamper seal with a single application delivers exceptional loss prevention value.

PRODUCT SPECIFICATIONS

Dimensions

3.25" x 1.5" (82.55 mm x 38 mm)

Material

Tamper evident, destructible overlay

Adhesive

Special high tack for strong adhesion

Printing

Clear,

Packaging

Hand Applied 500 Labels per roll/ 5000 Labels per Case

Features

- Prevents tampering of AM label
- Super strong adhesive
- Destructible overlay
- Secures 1 or 2 sides of a box opening
- Expands range of merchandise that can be protected
- Deters ORC theft
- Manufactured in North America

EAS Sensors

- AM Sensormatic®

Suggested Applications

- Boxed Goods
- Ammunition
- Golf Balls
