

**AMProtect+®**

US Patent 11,263,297, B2

*Added Protection for AM Labels  
Visual Deterrents Work*

## AMProtect+®

### Overlay Label

AMProtect+® overlay enhances security of an EAS AM label, plus seals boxes to prevent product tampering. AM labels can be easily identified and removed by shoplifters. AMProtect+® solves this problem by covering the EAS label with a clear, thin, overlay with the added protection of an anti-tamper seal.

The tamper proof overlay uses super strong adhesive and is designed to fragment into small pieces if removal is attempted. This slows a thief and draws attention to unwanted activity. Added theft deterrence is provided by printing a warning message plus the anti-tamper seal flap is printed with your company logo.

Visible theft deterrents, a secure overlay seal with tamper proof, destructible label features reduce tag defeats. Including an anti-tamper seal as part of the label design adds value and cuts application time.

## PRODUCT SPECIFICATIONS

### Dimensions

3 1/2" x 1 3/8" Rectangle (89.9 mm x 35 mm)

### Material

Tamper evident, destructible overlay with added feature of an anti-tamper seal

### Adhesive

Special high tack for strong adhesion

### Printing

Clear, Standard and Custom Printed

### Packaging

**Hand Applied** 500 Labels per roll/ 5000 Labels per case

## Features

- Prevents tampering of AM labels
- Prevents box opening with anti-tamper flap
- Printed format deters theft
- Aggressive Adhesive
- Destructible tamper proof overlay
- Deters ORC theft
- Manufactured in North America

## EAS Sensors

- AM Sensormatic®
- Microwaveable (MW) Sensormatic®

## Suggested Applications

- Frozen Packaged Shrimp, Crab legs, Meats
- OTC & HBA Products
- Ammunition
- Golf Balls
- Electronics

**CSI is a Sensormatic Solutions Value Added Reseller**
