

## **AMProtect® HBA**

### **Clear Overlay Label**

AMProtect® HBA is a two part label to seal both ends of a thin box similar to an eye liner pencil box while enhancing the security of an EAS, AM label. One part seals the AM label and one end of the box and a second label, on the same liner, seals opposite end. The overlay uses super strong adhesive and is designed to fragment into small pieces if removal is attempted. This slows a thief and draws attention to unwanted activity.

AMProtect® HBA is also manufactured in a larger format to protect other HBA items such as creams, \_\_\_\_\_ and \_\_\_\_\_.

Visible theft deterrents and a secure overlay seal with tamper proof label features reduce tag defeats. The added value of a two-part anti-tamper seal with a single application delivers exceptional loss prevention value.

## **PRODUCT SPECIFICATIONS**

### **Dimensions**

(3.5" x 1.375") (3.75 x 1.375")

### **Material**

Tamper evident, destructible overlay

### **Adhesive**

Special high tack for strong adhesion

### **Printing**

Clear, or Custom Printed

### **Packaging**

500 Labels per roll, 10 Rolls per/Cs 5000 pcs

### **Features**

- Prevents tampering of AM labels
- Super strong adhesive
- Destructible overlay
- Prevents box opening.
- Expands range of merchandise that can be protected
- Deters ORC theft
- Manufactured in North America

### **EAS Sensors**

- AM Sensormatic®

### **Suggested Applications**

- OTC & HBA Products

**CSI is a Sensormatic Solutions Value Added Reseller**
