

RFProtect+™

Overlay Label

RFProtect+™ enhances security of an RF, EAS label. RF labels can be easily removed by shoplifters when applied to the surface of products. RFProtect+™ solves this problem by covering the EAS label with a tamper proof, thin, clear, destructible overlay label.

The overlay uses super strong adhesive and is designed to fragment into small pieces if removal is attempted. This slows a thief and draws attention to unwanted activity. The overlay label can be printed with a logo or warning message.

Visible theft deterrents and a secure overlay seal with tamper proof label features reduce tag defeats. RFProtect+™ labels are applied in-store. Including an anti-tamper seal as part of the label design adds value and cuts application time.

PRODUCT SPECIFICATIONS

Dimensions

1.5" x 1.5" - 38.1mm x 38.1mm
other sizes also available

Material

Tamper Evident, Destructible cover stock

Adhesive

Special high tack for strong adhesion

Printing

Clear, Standard or Custom Printed

Packaging

Hand Applied 1000 Labels per roll / 10,000 case

Features

- Prevents tampering of the RF Label
- Printed format hides the RF Label
- Expands range of merchandise that can be dual protected
- Affixes firmly to refrigerated & frozen merchandise
- Manufactured in North America

EAS Sensors

- RF 1"x 1" - 26 mm x 26 mm
- Other sizes available on request

Suggested Applications

- All Boxed Goods
- OTC & HBA
- Electronics
- Boxed Energy Drinks
- DYI
